

Balt. 12th Mo. 28th 1880.

W. J. Lombard

Dear friend

Francis J. King, not having time to write himself, requests me to say that he has need. My letter of the 23rd, & that, after discussion, it has been decided to make a grant towards the cost of your proposed new printing - & defrosting of \$100. - payable as need upon getting the roof on & the payment of cost to that point. We have but a small fund to be divided between W. Lombard & Francis, so that we do not feel at liberty to grant more than \$100. to any one point. Let us know if you expect to give this grant.

W. J. Lombard

Dear friend

I am requested by Francis J. King to say in reply to the request of a fund which we are unable to what aid could be granted to Francis J. Lombard, paying for their printing & defrosting of \$75. - well be paid towards the cost of the new roof on & the payment of cost to that point. We would like to know the size of the new of Francis & Co, the probable cost, & the number of friends belonging to the Meeting, before we decide on the amount of aid. My friends, W. J.
