To Baltimore Monthly Meeting

Since our last report the individual members of the committee have

continued to make occasional visits to the meetings on Federal Hill, & some others of our Friends have rendered efficient service in this way. These visits have been appreciated by the members of the mission, but in reviewing the eighteen months since the appointment of the committee we are not able to report very decided progress in the work of building up & establishing the meeting. Although an increase of spiritual life & activity in some of the members, they still need continued assistance & encouragement from our meeting.

We suggest that the committee be continued to give attention to the original object of its appointment, & to promote evangelistic work in connection with the mission. By direction of the committee
John Nicholson
