Treasurer's report to the Monthly Meeting in First month last for a financial statement for 1893, of the different funds under their care. Since then they have purchased, as an investment, of accrued income from the Wilson School Fund a $1000.- 5% Bond of the Consolidated Gas Co. of Baltimore, at a cost of $1022.50, leaving $885.80 in the Savings Bank.

The School house, which has for some years been rented to the Johns Hopkins University, will soon be vacated by it, so that the income from that source, will soon cease, unless rented to others.

There being now no need for a night school at Federal Hill, it was discontinued about a year ago, and the income from the Scofield Fund is slowly accumulating. This Fund, and the Mary K. Warder Fund are both invested in the houses on James Alley, which are all rented, and the rents are being regularly collected.
